Monika (Mimi) Zimovčáková

Responsible AI adoption · prototyping · research

mimi@unfocused.ch | unfocused.ch | linkedin.com/in/unfocusedmimi | Zurich (Luxembourg until early 2027) | Swiss B permit

PROFILE

Blue Book trainee at the Publications Office of the European Union, testing and prototyping AI tools for accessible publishing and smoother internal workflows. MA in Social Sciences from the University of Zurich. Researches, builds and evaluates working prototypes with AI coding agents and designs human-in-the-loop workflows.

EXPERIENCE

Blue Book Trainee, Multimedia and Publications (Unit B.2) | Publications Office of the European Union (OP), Luxembourg | Oct 2026 – Present

- Built an AI voiceover and subtitle prototype with Codex that compares voice services; tested it in 8 EU languages, with human review of every output.
- Defined evaluation criteria and vendor benchmarks from real errors caught in review, such as abbreviations pronounced differently across languages and accents.
- Working with leadership, IT and project managers on budget, licences and approved tools.
- Testing and reporting on internal project-management software in monthly sprints.
- Member of AI@EC (the Commission's AI network) and the Blue Book careers subcommittee, helping organise the trainees' careers fair.

Student Assistant | University of Zurich, Department of Communication and Media Research (IKMZ) | Nov 2021 – May 2022, part-time

- Built a dataset of ~15,000 news articles from LexisNexis for text mining in R (dictionary methods, topic modelling, manual coding).
- Supported two research projects on how platforms are governed and how people imagine AI.

Multimedia Intern | Art Studio Dottir, Reykjavik, Iceland | Apr – May 2020

- Produced video, audio and digital art for the Icelandic Art Festival.
- Recorded, conducted and published interviews with artists; ran live streams on Instagram.

Research Assistant | Lighting Beetle (UI/UX studio), Bratislava, Slovakia | Mar 2018 – Aug 2018, part-time

- Research, UX and website prototype testing alongside an agile product team.

EDUCATION

MA Social Sciences, University of Zurich | Zurich | Sep 2021 – Jan 2026 | GPA 5.0

- Major: Internet & Society (communication science).
- Thesis: *Online Practice of Aspirational Labour Among Adolescent Youth*, on the unpaid online work young people do in the hope of a future career. Survey of 199 pupils aged 11–16 plus a group interview, run five months after ChatGPT launched.

BA (Hons) Liberal Arts, King's College London | London | Sep 2018 – Jul 2021

- Major: Classical and Hellenic Studies. Coursework in Latin, philosophy and quantitative research.

Innovators Camp 2023, University of Zurich × Zurich University of the Arts | Mar – May 2023 | Certificate

- Design Thinking, prototyping and user testing in an interdisciplinary team; pitched to partners and funders.

SKILLS

- **AI and automation:** AI output evaluation, human-in-the-loop workflows, prototyping with AI coding agents (mainly Claude and Codex; also Cursor, DeepSeek), AI voice and subtitling tools
- **Tools:** GitHub, Figma, Vercel, Azure, AWS Kiro, ElevenLabs, HeyGen, Jira, Confluence, Excel, Power BI, Miro, Microsoft 365 Copilot
- **Research and data:** research design, surveys, text analysis in R, SQL, topic modelling, sentiment analysis
- **Responsible AI:** EU AI Act, AI literacy, digital accessibility
- **Ways of working:** Agile (Scrum), Design Thinking, project coordination, stakeholder management
- **Languages:** Slovak and Czech (native), English (C2), German (B1)
